

### Minerals Testing

#### Minerals Resources – A to Z Services

**Ind-ExpoCertification Limited (iec) Minerals provides complete analytical solutions to the world's mineral, exploration, ore and mining Industries. Ind-ExpoCertification Limited (iec) offers world-class mineral assay and testing services on a global basis. Our network of Mineral laboratory facilities offer a wide range of Total Quality Assurance services including, Sample Preparation, Fire Assay and Precious Metal Analysis, Exploration Geochemistry, Ores and Commodity Testing, Environmental Services, Mine-Site Laboratories, Coal Testing and Inspection, Consulting Services, Minerals Inspections, and Robotics and Automated Laboratory Systems. A-Z Minerals Services Listing:**

#### A

Acid Digests  
Acid Rock Drainage Prediction Tests  
Acid Sulphate Soils  
Aluminium Ore (Bauxite)  
Ambient Air Quality  
[Aqua Regia](#)  
[Automated and Robotic Laboratory Systems and Sample Preparation](#)

#### B

Base Metal Analysis  
Bauxite (Aluminium Ore)  
Bio-geochemistry in Mineral Exploration  
Biological Tissue Analysis  
Bottle Roll Digest  
Bio-vegetation Analysis  
Bulk Commodities

#### C

Carbon and Sulphur Analysis  
Cargo Loading/Unloading, Supervision and Final Trimming  
Certification Services  
Chromite Ore  
[Coal Inspection and Testing](#)  
Compositing  
[Conflict Minerals Services](#)  
[Consulting Services](#)  
Core Cutting for Geological Samples  
Cyanide Leach

#### D

Davis Tube Recovery  
Design and Consulting Services  
[Drinking Water Analysis](#)

#### E

[Ecotoxicology Services](#)  
EM and Magnetometer Surveying  
Emissions Air Quality  
[Environmental Testing Laboratory Services](#)  
Exploration Geochemistry

#### F

Fe (Iron) Ore  
Fire Assay  
Fusion Analysis

#### G

[Gas Chromatography Testing](#)  
Geochemical Analysis and Data Interpretation  
[Geological Sample Preparation](#)  
Geophysics  
[Gold Assay Services](#)  
Gravimetric Analysis

#### I

ICP- MS and ICP-OES  
Import, Clearance and Logistics Advice  
Independent Inspection, Draft Surveys and Physical Testing  
Inspection Services  
Iron Ore (Fe)

#### L

Laboratory Audits  
Lithium Analysis  
Lithogeochemistry  
Loss on Ignition

#### M

Manganese Ore  
Marine Inspections

Head Office in UK :Address:22 Baker Street London United Kingdom Zip Code:W1U 3BW

### Minerals Testing

#### Minerals Resources – A to Z Services

**Ind-ExpoCertification Limited (iec) Minerals provides complete analytical solutions to the world's mineral, exploration, ore and mining Industries. Ind-ExpoCertification Limited (iec) offers world-class mineral assay and testing services on a global basis. Our network of Mineral laboratory facilities offer a wide range of Total Quality Assurance services including, Sample Preparation, Fire Assay and Precious Metal Analysis, Exploration Geochemistry, Ores and Commodity Testing, Environmental Services, Mine-Site Laboratories, Coal Testing and Inspection, Consulting Services, Minerals Inspections, and Robotics and Automated Laboratory Systems. A-Z Minerals Services Listing:**

Metallurgy  
 Mine Site Laboratories  
 Mineral Assay Services  
 Mineral Exploration Geochemistry  
 Minerals Inspection and Surveying  
 Minerals Processing  
 Mineralogy  
 Moisture Testing  
 Multi-Element Assays  
 N  
 Net Acid Generation (NAG)  
 Nickel Laterite  
 Nickel Sulphide Collection Fire Assay  
 Noise Levels  
 Northern Territory Environmental Laboratories (NTEL)  
 Nutrients for Agricultural Purposes  
 O  
 Ore Cargo Inspection  
 Ores and Commodities  
 P  
 Partial Digest Geochemistry and Consultation  
 Particle Size Testing  
 Platinum Group Metal Analysis  
 Precious Metals Analysis  
 Pressed Powder XRF  
 Pulverising of Geological Samples  
 Q  
 Quarantine Services for Mineral Samples  
 R

Rare Earth Element Analysis  
 Robotics and Automated Minerals Laboratory Systems  
 S  
 Sample Preparation  
 Sample Storage and Management for Minerals Clients  
 Sampling to International (ISO) Standards and other National Standards  
 Screen Fire Assay  
 Size Determination  
 Screening of Geological Material  
 Solid Fuel Testing  
 Specific Gravity by Gas Pycnometer or Water Immersion  
 Stockpile Measurement Services by Laser Survey  
 Sulfur and Carbon Analysis  
 SX-EW Mining Extraction Testing  
 T  
 Terra Leach Partial Digest Geochemistry  
 Thermo Gravimetric Analysis  
 U  
 Uranium  
 W  
 Water Quality Services  
 Whole Rock Geochemistry  
 X  
 X-Ray Fluorescence (XRF)  
 XRD
